ABOUT ME

I am a recent graduate focused on establishing a career as a Back-End Web Developer. With experience in HTML, CSS, JavaScript, CodeIgniter 4, and Laravel 12, I specialize in developing reliable and scalable server-side applications. I am comfortable working with databases (SQL), connect the website with RESTful APIs, and handling system integration, with a strong interest in performance optimization and clean architecture.

EXPERIENCES

Web Developer (Self-Initiated Project)

(Sep 2025 – Present)

- Developed a full-stack web application using Laravel 12 to support automated digital-service platforms.
- Implemented API endpoints with Midtrans as a payment gateway, authentication systems, and database management.
- Optimized system performance and reliability for production-level use.

Web Developer (Studi Independen Badan Usaha Ekonomi Keluarga Aisyiyah)

(Sep 2023 – Feb 2024)

- Developed a full-stack web application for recording and managing member contributions using PHP.
- Built responsive front-end interfaces for data entry, reporting, and administrative dashboard.

Web Developer Internship (KOMINFO)

(Nov – Dec 2024)

- Developed a web-based inventory system for real-time tracking.
 - Integrated Google Maps API for location visualization.
 - Improved management efficiency and data access.
-

EDUCATION

Universitas Muhammadiyah Sidoarjo

(Aug 2021 – Feb 2025)

Bachelor of Informatics – GPA 3.85 / 4.00 (Cumlaude) – Graduated in 3.5 years

Informatics Laboratory Assistant

(Jan 2022 – Feb 2025)

- Member of the IT Support Division (2 Year 7 Months)
- Member of the Programming Division (6 Months)

SMAN 1 Porong

(Aug 2018 – Feb 2021)

Social Sciences Program

ACADEMIC PROJECTS

Kampoeng Samiler Website (Back-End)

(Jan – Mar 2024)

- Migrated a static website into a dynamic web application using PHP, Admin Template, and Bootstrap.
 - Implemented admin-managed content for news and information pages.
 - Built database-driven features with authentication and CRUD operations.
-

SKILL & COMPETENCIES

Programming : C++ (*Basic*), Python (*Intermediate*), HTML (*Advanced*), CSS (*Advanced*), PHP (*Advanced*), JavaScript (*Intermediate*), Java (*Basic*), Bootstrap (*Intermediate*), Laravel (*Advanced*), Codeigniter 4 (*Advanced*).

Database & Tools : MySQL (*Advanced*), SQLite (*Intermediate*)

Productivity Tools : Microsoft Word (*Advanced*), PowerPoint (*Intermediate*), Excel (*Intermediate*), Github (*Intermediate*).

Operating Systems : Windows (*Advanced*), Linux (*Intermediate*).
